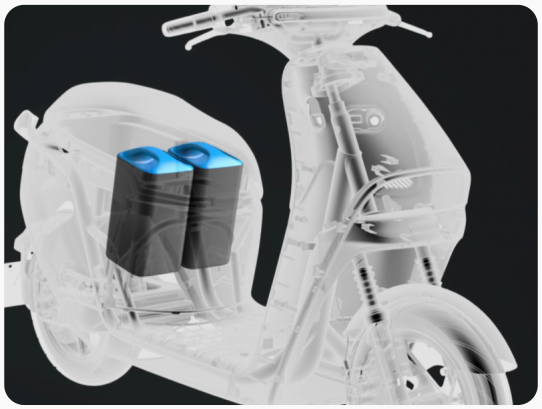
BLUESHARK 45 LITE FEATURES

DIGITAL LCD DISPLAY

LCD digital display is clear and easy to read, LCD digital and gives you all the information you require.

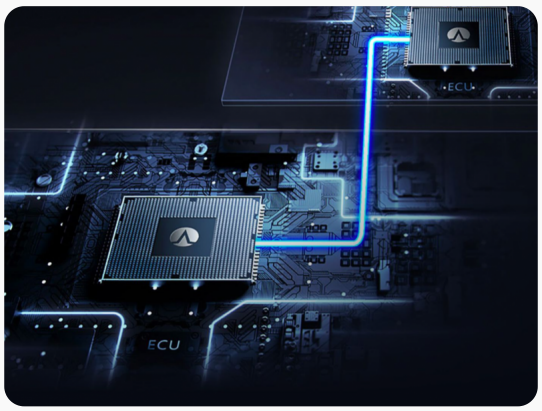


BMS: TECHNOLOGY HIGHLIGHTS

Cutting-Edge Patented Technology Highlights • Automotive lithium battery pack • 60 km of range • Aluminum alloy unibody case • Nickel strip welding & complete glue filling • Single battery charged from 0 to 95% within 3.5 hours • 2 charging methods: direct charger & charging cradle • Real-time AI range estimation

ELECTRIFYING YOUR RIDE

The Blueshark Series are powered by a cutting-edge permanent magnet gear motor, with performance that far surpasses that of any typical wheel hub motor. Be prepared for an adrenaline rush when you start your ride!



DUAL ECUs + CANBUS SYSTEM

One of the ECUs connects to the IoV system via a 2G/4G communication module, while the other monitors and adjusts the driving status in real-time. Both of the ECUs can work independently or connect as a unit through the CANBUS (Controller Area Network) system.

DUAL DISC BRAKES

Equipped with 220mm disc brakes gripped by dual piston calipers on the front and rear wheels ensures the Blueshark can decelerate as quickly as it accelerates providing safe, progressive stopping power in any conditions.

SMART SENSORS

A total of 74 sensors are spread all over the body of the Blueshark, collecting information such as speed, acceleration, temperature, environmental lighting, seat pressure, etc.

MULTIPLE RIDING MODES

The Blueshark supports 5 riding modes, including 3 regular riding modes, the Helping Boost mode and Reverse Assistance Mode to make maneuvering your Blueshark easy.

LED REAR TAILIGHT

LED lighting gives great visibility and a clean modern look but also help to conserve power giving you the best range possible. It is also highly visible to other road users in all conditions, day or night.

EASY TO USE SWITCH GEAR

While the Blueshark has many features, the intuitive / ergonomic switchgear make these features and functions very easy to use while on the go.

LED HEADLIGHT & SIDE LIGHTS

LED lighting gives great visibility and a clean modern look but also help to conserve power giving you the best range possible. It is also highly visible to other road users in all conditions, day or night.

FAST CHARGING

In line with the other leading names in EV's - the Blueshark has a fast charge capability to keep you mobile.
